Montvale, NJ 07645-9998

Peel Plate is made of 15 top layers, a sturdy base & 5 layers on the bottom making cleanup always just a peel away. Our products are made with sustainably sourced FDA-approved ingredients & contain no BPA PFAS toxins or harmful plastic coatings. They are compostable in optimal conditions & fully biodegradable. Got questions? We value your opinion please leave a review of your experience & for full product information view our FAQ or contact us with any questions you may have.

**Microwave Safe:** Food heats rapidly in microwave. Limit reheating to 1 minute & do not microwave without food on the plate.

- Do Not Put In Oven
- Avoid Overheating Oily Foods
- Do Not Cut With Serrated Knives
- Heat-Resistant Up To 232 Degrees
- Avoid Letting Food Soak For Over An Hour
- Properly Dispose Of Bag & Discarded Layers
